Competitive Programming:

Introduction:
Calling all competitive programmers! Join us for an exhilarating coding challenge to showcase your skills and vie for the top prize!

General Rules:
1. Each participant has to register online on the official Techfest website for the competition.
2. A Team ID will be allocated to the team on registration which shall be used for future references
3. Participants have to bring their own laptops during the competition
4. Teams will be responsible for their devices. It is advised that laptops should be charged before the competition
5. Mobile phones are not allowed during the competition
6. The organisers reserve the right to change any or all of the above rules as they deem fit; Change in rules, if any, will be highlighted on the website and notified to the registered teams
7.All teams will be given the same set of problems to solve.

Round 1 (40 min):

A preliminary round consisting of MCQ-type questions.

Will test one's basic knowledge of the programming language like C,C++,Java, Python etc.

Rules:

1.   A preliminary round consisting of MCQ type questions

2.   Any suspicious malpractices will disqualify the team

3.   Top 20 highest scoring teams will be selected for round 2

4.   Details regarding the quiz platform will be emailed later to the team leader upon registering

Round 2 (60 min) and Round 3(2h):

1. The contest will be conducted on the Coding ninja platform.

2. Participants must have their Coding ninja credentials (ID and password) to access the contest.

3. The contest will be held in the college laboratory. Specific lab and room numbers will be communicated later.

4. Participants don't need to bring their own laptops. Necessary equipment will be provided.

5. The contest will last for 2 hours.

6. There will be 4 programming problems to solve.

7. Programming languages allowed are C, C++, Java, and Python.

8. No electronic gadgets or cheat sheets are allowed during the contest.

9. Separate paper will be provided for rough work.

10. Any form of unfair means (e.g., opening new tabs, using AI for writing code) is strictly prohibited. Immediate disqualification for violators.

11. The organizing committee reserves the right to change, modify, update, or remove any rules if required.

12. In case of a tie, priority will be given to the team or participant who submits first.

Additional Rules:

1. Maintain respectful behaviour towards participants and organizers.

2. Plagiarism or copying of code from external sources is strictly prohibited.

3. Participants should not discuss problems or solutions with others during the contest.

4. All decisions made by the contest organizers are final and binding.

By participating, participants agree to abide by the rules and any additional instructions provided.
